

EXPERIENCE

UT MARTIN

We meet our students where they work, live, and play. With locations in Jackson, Parsons, Ripley, Selmer, and Somerville, we bring educational opportunities close to home through a variety of day and evening programs.

Completely online options add flexibility at times that fit your busy schedule. All UT Martin students can register for online classes, so whether you want to complete a full degree online or mix in a few online courses, or even a single class, UT Martin Online is here for you!

Visit our webpage or one of the links below to access our degree programs and course schedules, general information for new students or about transfer credit, and other student support services.
